A HIGH-RETURN ON HIGH-VALUE CUSTOMERS AND PROSPECTS

Leverage your investment in the Investment Recovery Trade Show with an on-going reminder to the over 2,000 subscribers to ASSET 2.0. Our loyal readership represents unique (and uniquely affordable) opportunities for service providers in the surplus asset marketplace to communicate with a source of business prospects that is virtually impossible to find anywhere else.

OUR AUDIENCE: 100% INVESTMENT RECOVERY PROFESSIONALS

You have probably tried to develop a list of prospects already. If so, you know how difficult it can be to find the people who have surplus asset responsibility within any single large organization. To do so for hundreds of companies across dozens of industries is a really big challenge. (And once started, keeping the list up to date is all but impossible). We do the work for you. Our audience consists entirely of investment recovery decision makers from a wide variety of industries and governmental organizations.

UP TO DATE

Our subscription list is continually being updated—from membership and prospect lists of the Investment Recovery Association and registered users of the Association website. We do the legwork, keeping the mailing and email lists current. All you have to do to begin growing your business is to begin advertising.

THE BEST WAY TO REACH THIS VALUABLE AUDIENCE

No other publication reaches this specific audience. Our readers represent local and global companies—mostly from North America, but increasingly, the world. They are the senior surplus asset decision makers and influencers from a “Who’s Who” of the Fortune 1000 and other major industrial and governmental organizations. In total, they manage billions of dollars each year in surplus assets of all types. They rely heavily upon the many services provided by our advertisers...from demolition contractors and auction companies to software developers, consultants, scrap metal and recycling specialists, equipment buyers/sellers...etc.
