2026 **ATTENDEE GUIDE**

Dedicated to Those Who Buy,
Sell and Manage Surplus Assets

JOIN US SEPTEMBER 27-30, 2026 | GLENDALE, AZ.

Dedicated to those who buy, sell and manage surplus assets

Investment Recovery (IR) is on a fast track to the future. And that future has already arrived. What was once the monetization of idle assets has expanded into sustainability strategy, fast-changing regulatory compliance and the circular economy.

But who has the knowledge and know-how to bring all these factors together for bottom line results? You. And where can you get the one-of-a-kind education that can keep you and your organization ahead of the curve? The 2026 Investment Recovery Association Conference & Trade Show is where game-changing knowledge, networking, and market-ready solutions shake hands with your future.

Register today:

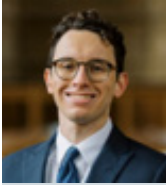

www.invrecovery.org/2026-show

7:00 - 8:00 am

Start the day with Breakfast & Networking

8:30 - 9:30 am

Economy 2026

Sean Ewen, PhD,
*Research Economist,
L. William Seidman
Research at the
W.P. Carey School
of Business, Arizona
State University.*

The 2026 economic environment presents a mix of stabilization and uncertainty, with shifting interest rates and lingering market volatility. This session will highlight key trends and what we may expect to experience in 2027 and beyond.

9:35 - 10:15 am

Steel and Aluminum Scrap Markets—Navigating 232

Zach Schumacher,
*Global Editor, Argus
Scrap Markets*

US primary and secondary steel and aluminum markets have risen noticeably through 2026, elevating manufacturing costs in turn. Consumption rates remain disjointed depending on end-market exposure, leaving supply chain volatility as the main driver of prices. In turn with doubled Section 232 tariffs on steel and aluminum, suppliers of the two targeted controlling raw material and scrap costs to widen margins.

10:30 - 11:00 am

2026 Investment Recovery Performance Benchmark Report

Geoff Zwemke,
*Director, Center for
Advanced Purchasing
Studies*

See it here first, the PowerBi Investment Recovery Association dashboard showing your IR benchmarks in real time. Geoff will also share key findings from the recent benchmark study.

11:00 - 11:45 am

IRA Annual Business Meeting

Hear a state of the association report from the board and committee chairs. In addition, there will be an election of new directors and a chance to welcome our newest Certified Manager of Investment Recovery (CMIR) individuals.

11:45 am - 1:30 pm

Lunch and Networking

Everyone attending the conference attends lunch to network and share tips and ideas they picked up from the morning sessions!

1:30 - 2:00 pm

From Idle to Value: How AI Is Transforming the Reverse Logistics Journey

Taha Zinifi, Chief Product Officer, Amplio

AI is reshaping the surplus and obsolete equipment market — lowering the cost and complexity of moving idle assets back into productive use. This session offers a brief overview of recent AI developments, followed by a practical look at how the technology is changing key stages of the investment recovery process: asset identification, pricing and appraisal, buyer matching, and post-sale logistics. We'll draw on real examples to illustrate both the promise and the limits of today's AI tools.

2:15 - 3:00 pm

From Back Office to Boardroom: The IR Moonshot

Ilia Gogichaishvili, Dynaprice

Investment Recovery has always been one of the most data-rich functions in asset-intensive organizations, but one of the least equipped to act on it. Drawing on a career on Wall Street, the keynote demonstrates what becomes possible when you apply the most advanced AI capabilities to the full IR lifecycle, transforming IR from a reactive back-office function into a strategic driver of smarter decisions across

the business. Walk away with a concrete picture of your IR command center, and a first step you can take starting Monday.

3:00 - 3:30 pm

Rapid Fire!

Back by popular demand! Hear from several exhibitors in their areas of expertise as they share tips and proven tactics in selecting and working with a vendor.

3:30 - 5:30 pm

Trade Show

Meet face-to-face with industry vendors who have market-ready solutions for every IR pro. It's the perfect place to make new connections (and renew old.) Enjoy snacks and drink in a relaxing atmosphere, and maybe even win a prize!

6:00 - 9:00 pm

Welcome Reception

Join us for a night out at Dave & Buster's where you get to be a kid again! Unlimited Video Game Play, a Power Card with 75 chips to play other games, delicious Mexican buffet with hosted bar for 2 hours with a private room to watch Monday Night Football and reserved billiards area that includes 3 billiards tables for three hours!

Dave & Buster's is a short (4-minute) walk right

Join us to give a big thanks to the reception sponsors:

7:30 - 8:30 am

Start the day with Breakfast & Networking

8:30 – 9:15 am

The Refactory: A Microfactory Model for Local Plastics Recovery & Remanufacturing

Beth Forsburg, *SVP, Chief Sustainability Officer Goodwill of Central and Northern AZ, Goodwill Industries of the Monocacy Valley and Goodwill of the San Francisco Bay*

Alicia Marseille, Rob & Melani Walton
Sustainability Solution Service

With progressing EPR legislation and advancement of circular solutions, new models are emerging to rethink how materials are recovered, remanufactured and reintegrated into local economics. "Refactory," is a first of its kind approach to reimagining plastics recovery through decentralized, local implementation. Learn from our speakers how this model was built across cross-sector collaboration and partnerships to reshape material recovery systems.

9:20 – 10:00 am

Numbers That Matter: Making Investment Recovery Impossible to Ignore

Kris Waters, CMIR, *Director of Corporate Social Responsibility & Sustainability at PetSmart*

Learn how to turn investment recovery into a powerful story that resonates with executive leadership. Kris will share with you how to translate your

activity into meaningful metrics your leadership wants to hear, highlighting cost savings, revenue generation, and environmental impact, to position your program as a strategic driver of value.

10:20 – 11:15 am

Digital Marketplaces for Smarter Asset Recovery

PANEL:

Sean Miles, *Co-founder and CEO, Recycle Global Exchange*

Taylor Assaly, *Founder and CEO, IronHub*

Jack Jia, *Circular Cloud Sourcing and Operations, Microsoft*

Jason Smith, *Head of Services Partnerships, Global System for Mobile Communications Association, GSMA*

MODERATOR:

Peter C. Evans, *PhD, Managing Partner, All Things Circular and Chief Economist of the Global Reverse Logistics Association*

Digital platforms are changing the way investment recovery works, creating new ways to get the most value from surplus, idle, and end-of-life assets. At their core, these platforms make efficient marketplaces that connect buyers and sellers in markets that are often fragmented and hard to navigate. By bringing together supply and demand, they lower search costs, speed up transactions, and give access to a global pool of qualified buyers and sellers - which leads to better prices and more liquidity. In addition to making things more efficient, platforms help build trust, which is crucial in secondary markets. They do this by vetting users,

providing transparent pricing, using standardized documents, and having compliance checks in place, all of which reduce risk and uncertainty for everyone involved. This creates a more reliable and transparent environment for transactions, with better access to data. Attendees will learn how to use platforms to improve their recovery strategies, reduce risk, and get more value in the long run.

11:30 - 1:30 pm

Trade Show with Lunch

1:30 – 2:00 pm

HazMat Basics for Confident Compliance

Jennifer Spalding, *Manager, Environmental Compliance & Strategy, Ameren*

This session will provide a high-level overview of hazardous materials and waste disposal compliance, focusing on practical tips to help individuals understand the applicable regulatory requirements. Attendees will learn about resources that can help to navigate complex regulations and clarify what they need to know to stay compliant. The discussion will also highlight common knowledge gaps—such as when everyday items qualify as hazardous waste—so participants can avoid costly mistakes and ensure proper handling.

To register, go to:
invrecovery.org/2026-show

2:05 – 2:35 pm

Contracts

Ron Stallworth, *Warner Norcross & Judd, Investment Recovery Association's legal counsel*

Ron will present a high-level overview refresher of key terms, laws, etc. IR professionals should make sure they understand when it comes to contracts and accountability.

2:40 – 3:30 pm

IR Use Cases using AI

Sean Byro, *CMIR, Freeport Moran*,
Jeff Shaver, *Salt River Project*
Dave Miller, *Group 365*

Learn how members are using AI to help with their workload. Also see the IR Tool being developed by the Investment Recovery Association and Group 365 to help ease onboarding and learning of the IR function.

3:30 – 4:30 pm

Gather, Connect, Engage

Don't miss this opportunity to build meaningful connections beyond the sessions. This end-of-day gathering is where the real

conversations happen, ideas spark, insights deepen, and relationships that drive your work forward begin. Step into a relaxed, engaging atmosphere designed to help you connect with peers, share perspectives, and keep the momentum going.

WEDNESDAY : 9/30

Wednesday we welcome the *Sustainable Supply Chain Alliance (SSCA)* in the morning. The SSCA is an organization of utilities and suppliers working together to advance sustainable practices in utility supply chain and supplier networks. Their annual conference will begin at the same hotel at Noon and lasting through Thursday afternoon. A separate registration fee is required to participate in their conference after 11:00 am Wednesday. See their website for registration details. <https://www.thessca.org/ssca-conference>. (Non-members are welcome to attend the SSCA, just not exhibit)

7:30 – 9:00 am

Rise & Connect: Networking Breakfast with SSCA

Join us Wednesday morning to expand networking and fuel up over a relaxed breakfast and networking. This is your chance to continue conversations, strengthen and make new connections, and exchange insights with industry peers over coffee and breakfast. Don't miss this opportunity to make the most of your conference experience—because some of the best takeaways happen over breakfast!

9:00 – 9:15 am

Welcome from IRA President and SSCA Executive Director

9:15 – 9:45 am

Reuse/Redeploy— #1 in IR Sequence

Bernie Sullivan, Utility Pole Solutions

This session explores how the #1 R in Investment Recovery, Reuse/Redeploy goes beyond traditional recycling to unlock greater value for utilities and

asset recovery teams. Learn how reuse reduces waste, accelerates redeployment, especially in critical or emergency situation, and supports sustainability goals by avoiding unnecessary carbon costs. Attendees will gain a clear understanding of how these practices drive both operational efficiency and environmental impact, turning recovery efforts into a strategic advantage.

9:45 – 10:00 am

Break

10:00 – 11:00 am

Best Practice Sharing

Jeff Shaver, Salt River Project and others TBD

Learn from your peers during this practice sharing their latest successes. Jeff Shaver, Salt River Project will share the latest information and results on the Salt River Project/Arizona State University effort on turning Cable jacketing into flash jacketing. Other successful practices will be added.
